

ELMI CARLEAN

CURRICULUM VITAE

I am a Barrister at Francis Burt Chambers in Perth, principally practicing in general commercial and civil litigation, and all aspects of employment and family law. I have appeared in criminal law matters in both the District Court and the Magistrates Court on occasion.

A brief snapshot of sample matters I have been involved in is annexed.

I am an experienced litigation lawyer with some 16 years post admission experience, having practiced in Brisbane between 2004 and 2008 at HWL Ebsworth and Mahoney Lawyers where I was involved in a wide range of general and commercial litigation, insurance claims, in particular aviation, maritime, rail and freight claims; and corporate governance matters. I later worked in a family law practice and then as in-house legal counsel in the Public Sector for the Departments of Water, Environment, and Transport. I have a keen interest in maritime and shipping law matters having obtained a Maritime Law LLM from the University of Queensland in 2004.

My practice has been varied, but predominantly involves appearing in contested applications, hearings and full trials in most major courts and tribunals conducting often complex litigation and conducting mediations and commercial negotiations within the context of my areas of practice.

I tutored in taxation law at the University of Western Australia for over 2 years and am an adjunct lecturer for the College of Law, where I provide both advocacy training and review the Stamp Duties Practice Paper on an annual basis.

I am active in professional and community affairs, act pro bono on worthy causes, and mentor younger practitioners in particular through my involvement with Mooting competitions for students. I regularly speak at professional development events and have published a number of papers and articles in various publications.

I have particular expertise as an advocate and have a strong interest in mediation and commercial negotiation, having completed additional intensive training both as a mediator and in commercial arbitration. I am available to appear in all Courts or Tribunals across WA, as well as interstate.
